#### **Dr. Ashutosh Kulkarni**

Coordinator - International Relations

Email address: - [dean.ir@vit.edu](mailto:dean.ir@vit.edu) (<mailto:dean.ir@vit.edu>).

Greetings from Vishwakarma Institute of Technology, Pune (VIT,Pune).

The Institute has established International Relations office to provide resourceful platform for students and faculty of VIT,Pune by means of collaboration with the universities across the globe.

Every year students from all the branches are benefited by this unique international exposure. This has provided a resourceful for synergistic interaction with faculty and students from universities abroad which brings in immense value to our student fraternity.

Through the International Relations office, an outcome based academic collaborations are fostered with the aim of offering an international exposure, academic opportunities and skill enhancement for the students. We provide platform for interaction, teaching-learning, and research with universities abroad during the four-year undergraduate degree.

Recognizing the potential of students and faculty members, we collaborate with various universities across the globe in various capacities, including

- Study tours
- Exchange program
- Summer School Programs/ Certificate Programs
- Summer internship / Semester long internship
- Exchange of Academic personnel / faculty
- Cooperative research and development activities

- Cooperative design of courses, conferences, symposia
- Joint research activities
- Exchange of academic or scientific material and publications of common interest
- Offer opportunity of scholarship benefits to Vishwakarma students.
- Recognition of Vishwakarma faculty members in foreign Universities as adjunct faculty.
- Recognition of faculty member from foreign university in curriculum development.
- Offer Students choice for International Post Graduation in third year of Engineering and prepare them as per the requirements of the university.

Collaborations across the globe:

**USA**

**Germany**

**France**

**South Korea**

**Singapore**

**Thailand**

Recent Visits:

Students at present in various University Campus :

### Spontaneous Feedback

**Shreayas Gundale:** Student exchange semester at Hoch-schule HOF Germany was one of the most memorable experiences of my student life at VIT. It was a semester filled with international curriculum, intercultural experiences and getting acquainted with the world class practices of little

things in our daily life. Semester abroad not only has broadened my horizons but also helped me determine my career goals suitably. I would like to thank IR cell to have provided me with such a golden opportunity and for all much-needed assistance to complete it successfully.

**Ankit Kale:** My experience at Hochschule HOF Germany can be summed up in word “Wunderbar”! In those 6 months learning was a whole different concept. Thanks to my talented faculty for their immense use of audio and visual methods, which made my understanding of the subjects much easier. One research paper, two concept papers and an entire new approach to studies, is what I have taken back home with me. I can also happily say that my German language has improved manifold. Friendly and helpful people, efficient public transport, beautiful architecture, and soothing weather, that’s what is Deutschland all about!

**Darshan Bachhav:** I am writing to express my deep appreciation and share my thoughts on my recent international internship at Universidad Maria Auxiliadora in Lima, Peru. As a final-year student pursuing a B.Tech in Artificial Intelligence and Data Science from Vishwakarma Institute of Technology, Pune, this experience has been incredibly beneficial for both my professional and personal growth. Firstly, I want to commend UMA for their outstanding hospitality and support throughout my stay. They took care of everything, from airfare and accommodation to travel expenses and provided an allowance, allowing me to fully focus on my internship responsibilities. The work culture at Universidad Maria Auxiliadora was exceptional, offering flexibility with remote work and office time, along with weekends off, which struck a perfect balance between work and personal life. Additionally, the supportive environment created by the university staff enhanced my learning and productivity, making every day fulfilling. Despite the language barrier, the warmth and kindness of the Peruvian people made me feel welcomed and added excitement to my experience. Overall, I am immensely grateful for the opportunity to intern at Universidad Maria Auxiliadora, Peru and I extend my heartfelt thanks to everyone involved for making it a success. The knowledge and experiences gained here will undoubtedly shape my future endeavours in Artificial Intelligence and Data Science.

**Paritosh Chavan :** I am thrilled to share my thoughts and express my gratitude for the incredible opportunity I had to intern at Universidad Maria Auxiliadora in Lima, Peru. It was a pleasure to get this international internship offer. UMA organized our travel arrangements, provided accommodation, and offered a stipend, their unwavering assistance allowed me to fully immerse myself in my internship responsibilities. The work culture at UMA was remarkable, offering a blend of flexibility with remote work and structured office time, which enabled me to strike a healthy balance between work and personal life. One of the most rewarding aspects of my internship was collaborating with a diverse team of professionals. Working alongside individuals with varied perspectives and expertise challenged me to think innovatively and sharpened my problem-solving skills significantly. I am profoundly grateful for the opportunity to intern at Universidad Maria Auxiliadora, and I extend my sincere appreciation to everyone who contributed to making this experience unforgettable. The knowledge and skills acquired during my time there will undoubtedly shape my future endeavours positively.

**Anikka Pandey:** Embarking on the final stretch of my B.Tech in Computer Engineering at Vishwakarma Institute of Technology, Pune, I, Anikka Pandey, have been fortunate to seize a transformative opportunity as a research intern at Swinburne University of Technology, Sarawak. It has been a privilege to delve deep into the realm of research, particularly in my field of interest—cybersecurity. Under the mentorship of esteemed faculty and alongside fellow researchers, I've been engaged in dynamic projects, presenting my work to esteemed panels and exchanging ideas with a diverse group audience. The opportunity provided by my college has not only broadened my academic horizons but has also nurtured my passion for research and innovation. As I continue on this journey, I am excited to contribute further to the field and make meaningful strides in cybersecurity research

**Arya Mane:** During my 4.5-month research internship at Swinburne University in data science, from January till now, I've immersed myself in a transformative experience. Collaborating with esteemed researchers, I've delved deep into data analysis, machine learning, and predictive modelling. This journey has not only enriched my understanding of data science but also honed my problem-solving skills and nurtured a profound passion for leveraging data-driven insights to address real-world challenges. Engaging in cutting-edge projects, I've had the privilege of applying advanced statistical techniques and programming languages. Swinburne University has provided a nurturing environment where my intellectual curiosity thrives, offering invaluable opportunities for growth and learning.
