VISION (/Computer/index.php/about/vision)

MISSION

(/Computer/index.php/about/mission)

This is an exciting period for the Computer Engineering profession as the rapidly changing technology creates many opportunities and challenges. Department of Computer Engineering is prepared to meet the challenges and is playing a leadership role in shaping the education of the 21st Century by providing unique educational and research opportunities in the forefront of Computer Engineering, Information Technology and their applications.

The Department of Computer Engineering established in the year 1991 offers UG programs in Computer Engineering along with post graduate programs in Computer Science & Engineering (Information Technology).

The students are focused with the use of conceptual understanding of core domain areas in Computing as well as enhanced programming skills disseminating their analytical abilities. Our aim is to provide our students the lifelong learning and leadership skills that enable them to grow in their professions and advance to positions of responsibility by effective Industry-Institute Interaction. The Department has an excellent placement record and the placed students are in prestigious software industries all over the world.
